Collision on the Rockford, Rock Island and St. Louis Railroad—Four Killed and Fourteen Wounded.

ALTON, Ill., Feb. 7.—A passenger-train going to St. Louis, on the Rockford, Rock Island and St. Louis Railroad, which was due at Alton Junction at 6:30 this morning, when about three-quarters of a mile below Upper Alton station, came in collision with a freight-train going north. The baggage car and first coach were telescoped, and then almost instantly took fire. The scene that ensued was most appalling. The unfortunate passengers were, most of them, caught between the car-seats, and patent from the car was nearly impossible. The flames enveloped the doomed cars almost instantly, and the terrified passengers were left to be slowly roasted alive. Up to 11 A. M. the charred and blackened remains of four victims of the fearful accident had been recovered, and were lying in the snow, awaiting the Coroner's inquest. The names of the killed, as far as known, are as follows: James Tweedy, Mrs. Reuben Rains. The other two bodies have not been identified. The wounded are Reuben Rains, head and body badly cut; Isaac Barnhardt, badly burned and head cut; August Mauhe, ankle broken; M. Cannon, leg broken; Frederick Busbee, of St. Louis, badly burned; Miss Burgess, bruised; Franklin Groves, bruised; Karl Tiss, severely bruised; train boy, seriously injured; besides five others slightly wounded. Altogether, four killed and thirteen injured. A working party is now at work busy at the wreck, and more casualties may be expected. The freight-train should have side-tracked at the Junction, but instead of doing so kept straight on. BAKER, the conductor of the freight-train, jumped off when the trains collided and sought safety in flight. It is said the engineer and fireman followed him, but this is unconfirmed. The whole responsibility of this affair is thrown upon BAKER. When the trains met, Mr. RAINS, his wife and child were sitting together, the child between its parents. The shock of the collision forced the seats together, crushing them in the debris. Mr. RAINS finally succeeded in extricating himself, although severely bruised, but all efforts to release his wife were unavailing. The child only was rescued by great efforts.

The wounded are now at Brighton. The dead were brought to Alton, where an inquest will be held to-morrow.

UNION PACIFIC RAILROAD.

The Blockade Still Continues—Passengers and Provisions Now Unable to Get Through—Attempts to Clear the Tracks.

MEDICINE BOW, Wyoming Territory, Feb. 7.—The wind is subsiding, and one train has reached Percy. There is one stuck on Sherman Hill, and the others are preparing to move in that direction. A train-load of provisions purchased by the Government, is now on route from Fort Steele to Percy. Superintendent SICKELS is at Lookout Station with a force of men, and reports that the cuts are all full of snow, and it is useless to work while the wind blows. Dispatches from points west of Rawlins Station report that provisions are becoming short. A number of passengers including Western bankers and capitalists, and others, left Rawlins this morning, representing further delay as calculated to their business, and complaining of the quality of the provisions furnished. Superintendent SICKELS gives notice to encouragement beyond a general assurance that the road will be cleared through as soon as possible, and that their train will not be started unless victualled for ten days and preceded by a snow-plow and work train, and a good force of men. The sun is out now shining, and warm, slight breeze prevails.

GREAT BRITAIN.

Announcement of the Resignation of the Speaker of the House of Commons.

LONDON, Feb. 7.—In the House of Commons, yesterday, Right Honorable Mr. DENISON, Speaker of the House, announced that in consequence of ill-health he was compelled to tender his resignation of the chair. In a voice marked with emotion he referred to the years he had occupied the seat he was now about to leave, expressed the profound gratitude for the consideration he had ever received, and bid the members farewell. Mr. GLADSTONE, who next spoke, said that he regretted the withdrawal of the Speaker, but appreciated the motives that prompted it. He had ever found a strong force, President RAND is sufficiently strong against all opponents. She recovered withdrawal of the American flag from Dominica is confirmed.

The Spanish Seizure of a British Schooner—Death of Gen. Concha—Yellow Fever.

HAVANA, Feb. 7.—The British schooner Lark, captured and towed into Manzanilla, belongs to Mr. PHILLIPS, of Montego Bay, Jamaica. She was on her way from Montego Bay to Cayenne, for the purpose of purchasing a wrecked vessel. A storm drove the Lark on the Cuban coast, where she was seized and towed into Manzanilla, on suspicion of being a blockade-runner. The Captain and crew were placed in jail, but were released on bail at the instance of the British Consul-General. The Spanish Admiralty has determined that the Lark is not a blockade-runner. The celebrated Cuban General CASANOVA has been killed by guerrillas, near Cinco d'Avila. An arrival from Honduras states that Gen. E. VIADA has been appointed Ambassador to France; LOPEZ, Secretary of Legation, and C. BENDORT, Consul-General. They are all here on their way to France.

SOUTH AFRICA.

The Settlers in the Diamond Region Adopting Lynch Law.

LONDON, Feb. 7.—Advices from the Cape of Good Hope represent that the colony was crowded with strangers; murders and robberies were of daily occurrence, and the residents, whose patience was exhausted, had taken the law into their own hands, and were executing summary justice on offenders. A request has been made for an additional Police force, and the Legislature will take out a naturalization act framed here.

Destructive Fire at Galveston.

British Ship Elizabeth Fry Burned Off Savannah—Her Crew Rescued by the Chesapeake.

SAVANNAH, Feb. 7.—The British ship Elizabeth Fry, Captain MICHIE, from New-Orleans, for Liverpool, with a cargo of 4,100 bales of cotton, was discovered on the water's edge on Feb. 5, 200 miles south-by-east of Savannah. Her Captain and crew were rescued up on the 6th inst. by the United States ship Chesapeake, from Rio Janeiro, and arrived here to-day all well.

IMPORTANT VERDICT.

The Jury Award $900,000 to Phillips and St. John Against the Grand Tower Manufacturing and Transportation Company.

SPRINGFIELD, Ill., Feb. 7.—The celebrated case of PHILIPS and St. JOHN against the Grand Tower Manufacturing and Transportation Company, of which Gen. TALMAN OLTMANS, of New-York, is President, and which has been on trial the past three days in the United States Circuit Court in this city, finished to-day. The jury, after being out only five minutes, rendered a verdict for the plaintiff of $900,000, the total amount claimed.

WEST VIRGINIA.

The Constitutional Convention Having the Capital Bill in Charge.

CHARLESTOWN, West Virginia, Feb. 7.—Yesterday's session of the Constitutional Convention was a very exciting one. The question of moving the capital was argued, and a proposition to leave it to a vote of the people was referred to a committee of three, as appears from each district. At a subsequent session, the Committee on Bill of Rights was discussed at some length; the questions being whether the Constitution should declare that West Virginia is and shall remain one of the United States, and whether the right of revolution should be acknowledged.

THE WEATHER.

Storm and Probabilities.

WASHINGTON, Feb. 8—1 A. M.—The highest barometer, which was Tuesday night over Indiana and Illinois, has moved east and northeastward to Maryland and New-Jersey. The barometer now rises in the Middle and Eastern States, and falls throughout the Gulf States and on the upper lakes. Partially cloudy and pleasant weather prevails to the south and west. Warm east winds with rain in Florida, and threatening weather on the South Atlantic coast. Fresh southerly winds, with rain, prevail on Lake Michigan to Iowa. The temperature has risen on the Gulf coast, and fallen from Lake Ontario to New-England. Clear weather prevails west of the Ohio Valley and the Alleghanies. Light rain and threatening weather has prevailed at San Francisco.

PROBABILITIES.

The highest barometer will probably continue on the East Atlantic coast; increasing northeast winds, with falling barometer, and rain, extend from Virginia southward. Fresh southerly winds and partially cloudy weather continue from the St. Lawrence and Ohio Valleys northeastward. Northerly winds, with cloudy and clearing weather, from Mississippi westward. Dangerous winds are not anticipated for the Atlantic coast to-night.

Destruction of the Steamboat Empire.

Her Engineer and Fireman Perish in the Flames.

NEW-ORLEANS, Feb. 7.—P. J. HERRON and Postmaster LOWELL testified before the Congressional Committee to-day. HERRON at first declined giving any explanation regarding the checks drawn by him for amounts varying from $500 to $5,000 which had been issued to members of the Legislature by the Secretary of other witnesses. He said they were not given to members of the Legislature or the State officials, except the $1,500 check which he issued to Mr. KOUNS. He subsequently stated that a portion of the $1,500 check was given to defray the funeral expenses of WALTER WESTLAND, the check being drawn prior to the death of WESTLAND. The Committee desired to know if HERRON had drawn it the day before it appeared on the books. HERRON could not remember. The duties of the Secretary of WESTLAND'S death. The Committee expect to conclude their labors to-morrow.

A Sweetening Sequence.

For some weeks past a plaintiffs and agents swindler, under the assumed name of Father Bailey, has assisted in the gang, usually work by Cashbill Acland, has been visiting the residences of wealthy and pious persons of the upper portion of the City and collecting money for erecting the Church of St. Vincent Ferrer, on Sixty-seventh-street, between Seventh-avenue, and representing the same to be his own name. Recently he called on a lady on Fifth-avenue, stated his errand, and received a donation. The lady asked how Father WILSON was, and the swindler replied, "Very well. I saw him this morning." Shortly afterward the same woman called on Father WILSON and learned that the swindler had gone to Newby to the Rev. Dr. ——, and the woman at once started for the latter gentleman's residence. Before reaching there she met the swindler, who was in a carriage, and pretended to be sick. He was driven rapidly to the Rev. Dr. ——'s residence, and the woman followed. Upon reaching there she found that the swindler had left a sample of his nefarious deings, and he has no doubt defrauded a great many persons in the same manner. Detective BOUTAUX, of the Central Office, has charge of the case.

AFFAIRS AT ALBANY.

Another Day's Delay on the New-York Charter.

Mr. TILDEN Proposes to Protect a Portion of the Public Interests—Powers of the New-York Consolidation—The Judiciary Until 1876.

From Our Own Correspondent.

ALBANY, Wednesday, Feb. 7, 1872.

The third reading of bills contained amendment of the issue of the Assembly policy bank, General Orders were not touched, and the charter question for another day. Mr. TILDEN, who was again in the seat to-day, is in favor of "sticking basis slowly" on the Senate's charter, and urges members to vote against taking it up as presented. He is supported to have a charter of his own in preparation, which he is desirous of getting in competition with that of the Senate's. The Judiciary of the Assembly, however, is generally in favor of prompt action on the charter, and I am still of the opinion that it will pass the lower House this week with very little amendment. Many who desire to have it amended in important particulars will vote for it as it is, and leave the work and the responsibility of amending it to the Senate. A strong effort will be made to ingraft on it a Metropolitan Police and Health Board with jurisdiction extending the Department of Docks.

This Board, as now organized, is also bringing to bear all the influence it can muster to be continued as a separate Department under the new charter, as will be seen by the petition presented to the Senate to-day by Mr. TUEMAN. [Printed in another column.]

THE COURT OFFICERS' BILL.

In the Tax Levy of 1870 was inserted a provision giving the Controller power to appoint all Court officers and attendants. A bill was introduced some time since by Senator O'BRIEN repealing this statute. Mr. O'BRIEN has this week submitted to the Committee on Cities another bill of wider scope. It gives to each of the Courts of Record in the City power to appoint the Clerk, reporter in the case of the Superior Court, Deputy Clerk, Assistant clerks, interpreters and stenographers. The second section of the new bill makes the Marine Court a Court of Record, and confers upon it the same power to appoint the officers and attendants named as upon the other Courts.

THE NEW-YORK CONTRACTORS' BILL.

This bill, continues to exercise the minds of the Senators, and it does not seem likely that a speedy conclusion will be arrived at. It has been once recommitted to the Committee on Cities, and slightly amended in Committee and reported back to the Senate. This morning it was under consideration in the Senate Committee of the Whole. It did not appear to satisfy anybody, and a motion was soon made and carried to progress it. This bill has already been notized at length. It gives very sweeping powers to the Controller in regard to temporizing and regulating assessments void for want of regularity, and involves many millions of dollars.

THE DEMOCRATIC SENATORS.

The thinned ranks of the Democracy in the Senate Chamber have been further reduced by sickness. Mr. LORD has been confined to his room at Congress Hall for the last two weeks, and Mr. HASBROUCK lies at the same hotel very dangerously ill.

STREET OPENINGS.

Mr. TUEMAN introduced into the Senate a bill relating to street openings in the City of New-York, and the expenses thereof. The first section provides that no expenses shall hereafter be assessed upon property benefited, except the assessed value of land and buildings taken, and Commissioners' fees. All engineers and surveyors shall be employed by the Board of Public Works, and all clerical labors shall be performed by clerks in the office of the Corporation Counsel without any charge.

THE TRANSCRIPT BILL.

Col. HAWKINS' bill to repeal the act of last year making the New-York Transcript the official advertising organ of the City, was read a third time and passed. In reply to an objection raised by Mr. MACKEY that the bill applied only to local proceedings by rendering it necessary to re-advertise local notices, Col. HAWKINS said that he had no idea that the passage of the bill would bankrupt the Transcript Company so as to compel its suspension, but it did so believed it would be competent for any parties interested to get an order from the Court to continue the advertisements in another paper for a period.

PRISON'S JURY BILL.

Mr. PRINCE'S bill, that passed the Assembly some days ago, permitting two Grand Juries to sit in New-York at the same time, was returned from the Senate to-day, with the amendment inserted by the Judiciary Committee, of Senator SMITH, striking out the clause which provided that another jury should take up or continue the consideration of a case after the other jury had presented an indictment. On motion of Mr. ALVORD a conference committee of the two houses was appointed to consider the amendment, and the bill was laid over.

PAYING DEMOCRATIC DEBTS.

Mr. ALVORD to-day introduced the Tammany bill, (previously noticed,) to provide for paying off the debts that have been left as a legacy to the State by the Democratic administration of the last two years. In order to gain capital for their party by issuing bonds, the Democracy have tried to cover up their extravagance by charging subsequent appropriations to the general fund and several appropriations to the extent of over seven millions of dollars. This debt has got to be paid sooner or later, and Mr. ALVORD is in favor of paying it off as soon as the accompanying arrow will a clean record. It shall not be paid out of the ordinary taxes and assessments, but by bonds, similar to the debt of the Canadian Dominion of the State for the coming year.

APPROPRIATIONS ON SAVINGS BANKS.

Mr. SWART introduced a bill designed to give more security for the depositors in Savings banks of New-York and Brooklyn. The main provisions of the bill are as follows: Savings banks shall not loan more than one-half of their deposits on bond and mortgage on real estate, nor shall they loan more than $10,000 to any one person, nor shall they loan any of their funds to officers of the United States or any State or the United States in excess of the amount allowed by the laws of the United States or any State or Territory, or in excess of the amount allowed by the laws of the State of New-York, nor shall they loan any of their funds to any officer of the banks, nor to any corporation or association of which any officer of the bank is a member, nor to any firm of which any officer of the bank is a member

Western Penitentiary.

ALCATRAZ ISLAND, January, 1878.

Some readers of the Times may think it a misnomer to speak of the Fair of Miners as one of "Our State Institutions." I consider that chronic wailers, who find a chance to vent their spleen and vent stored grievances on the Fair, are for which nature provides one hundred fold the power of the Fair to relieve. Miners are a class of men who have done more for the State than any other class, and I consider it a duty to speak a word for them. Their calling is a hard one, and they are entitled to all the sympathy and support that can be given them. Their occupation is a dangerous one, and they are entitled to all the protection that can be thrown around them. Their labors are the foundation of all wealth, and they are entitled to all the honor that can be bestowed upon them. Their hardships are many, and they are entitled to all the rest that can be given them. Their lives are lonely, and they are entitled to all the pleasure that can be afforded them. Their deaths are frequent, and they are entitled to all the sympathy that can be shown to their families. Their graves are numerous, and they are entitled to all the flowers that can be strewn upon them. Their memories are sacred, and they are entitled to all the honor that can be paid to them. Their virtues are many, and they are entitled to all the praise that can be given them. Their faults are few, and they are entitled to all the charity that can be bestowed upon them. Their misfortunes are great, and they are entitled to all the consideration that can be shown them. Their services are valuable, and they are entitled to all the gratitude that can be expressed to them. Their rights are sacred, and they are entitled to all the protection that can be thrown around them. Their wrongs are few, and they are entitled to all the redress that can be given them. Their condition is a hard one, and they are entitled to all the assistance that can be rendered them. Their lives are short, and they are entitled to all the pleasure that can be afforded them

THE RING THIEVES.

Williams, Ex-Clerk Tweed and Sweeny and Sheldon—Tweed Sweeny and Connolly—What Sheldon Said Trying to Shield Him.

The Tribune's utterances in its odd course of first contradicting the news given in the Times and then confirming it, in the shape of a pretended statement which turned the heats of its statement of its "circulation" the other day, the weekly sent quickly and daily Tribune were all jumbled up together, and the figures quoted "side by side" as if they represented the circulation of the DAILY Tribune alone. There is no trick of this kind which the Tribune would hesitate to practice.

A few days ago we published a mass of figures from Tweed's books. Our reporters went to work a fortnight obtaining and preparing those figures, when suddenly the City offices of the Tribune woke up, and had a suspicion flashing through his body mind that "something was up." By way of accounting for his previous stupidity, he sent a demand to our office for the figures—which, good gentlemen being refused, he stated in the Tribune that he "did not want to publish our figures from Tweed's books," &c., &c. The grapes were sour—he would state we have any.

Some weeks ago the Tribune did actually discover some "news." It was that TWEED had "lied." How true that was most people know.

On Tuesday it had to be admitted that the Grand Jury had found indictments against HALL and NATHANIEL SANDS. It was deemed desirable to keep the public in ignorance of this fact. Consequently it said: "It is certain that no indictment was determined upon against Mayor HALL on Monday, and very probable that none was found yesterday." The indictments were found on Monday, and the Tribune will be obliged to admit the fact some time about the middle of next week. It will then publish startling accounts of the "flight" of HALL and SANDS, and take it all back about three days afterward.

The Tribune also thought proper yesterday to introduce the name of a member of the Grand Jury as the authority for the information we placed before the public. This was a gratuitous piece of impertinence—as much so as if some other paper had stated that Col. KNOX has been false to his oath by giving information to the Tribune. The gentleman mentioned yesterday has had no communication whatever with this office, nor did our information come from him.

The following additional statement was made by the Tribune: "A Tribune reporter was told by Dr. GUNSTOCK that no indictments were yet prepared for presentation and would not be until Saturday." This is a new piece of invention. Dr. GUNSTOCK never made any such statement as that put into his mouth.

To invent false news and suppress the real news is an art brought to a high state of perfection by the active reporters of the Tribune.

INGERSOLL, the much wanted member of the Ring failed to appear yesterday, and, therefore, will be obliged to remain in a hospital—a discharge by returning voluntarily is exceedingly improbable that he will be arrested, or even on a Gubernatorial requisition. The only news of importance, yesterday, was the development of the fact that WM. H. COOK had been indicted. COOK, who was TWEED'S Superintendent of Buildings, is the proprietor of Public Work Agency in England (who "nothing" especially to defend a divorce suit), but really it seems now, to avoid the consequences of his connection with the Ring and its frauds. He is the mysterious "man in gray," whose name was not known at the time of the robbery of the vouchers, and who was suggested by his clothing at the trial of Hall, Sweeny and Connolly.

The office of WM. M. TWEED, in Duane-street, was literally besieged throughout the day. The "Boss" was there at an early hour, and after reading a batch of correspondence, proceeded to hold his usual levee, the participants being principally politicians of the lowest type. The most important messages received yesterday were from Parran B. SWEENY and JOHN CHAMBERLAIN, whose missions were doubtless in relation to the compromise. Today Mr. TWEED will appear as a witness before the Wood Committee, which meet at the St. Nicholas Hotel, and it is said that he will give important evidence.

CONNOLLY is still in close connection with his friends, but still remains quiet in Connecticut. His only reason for so doing, his friends say, is to escape the annoyance of being pestered by the late Ring tradesmen. Among the rumors afloat yesterday was one to the effect that a deputation of Ring men had gone, in behalf of the Judiciary Committee of the Assembly, for the purpose of working up evidence against Judge BARNARD, and that the Judge had adjourned Court at an unusually early hour for the purpose of escaping any annoyance that might have ensued. Unfortunately for those who were in search of a sensation this proved untrue.

The New Indictments—How They Are Regarded by the Masses Press—The "Ammadab Sleek" of the Tammany Ring.

From the Albany Evening Journal.

In the whole crowd or Tammany swindlers, we know of none who more deserves public reprobation than NATHANIEL SANDS. He is the "Ammadab Sleek" of the tribe, and did more by his unconscionable and corrupting influence than any other member of the Ring. As a pretended Republican, and as the leading agent of the Citizens' Association, he secured the two Republican Senatorial votes necessary to pass the infamous Tax Levy of '69, and has since done more of the dirty work of his masters than any other man. For his pay he has already had his reward—one month by the City, and a year whole himself and family drew from the City Treasury, bit by the $75,000 which he pocketed as his share of the bond-sale swindle.

His subservient, wise HALL & Co., is sitting quietly at home, after the fashion of the "Ammadab Sleek" of the Bible. Verily it is said of the latter, "Then went he out and hanged himself." Let us hope that HALL and NATHANIEL SANDS will do likewise.

The Grand Jury of the General Sessions in New-York has earned the gratitude of all good citizens by the fearless, intelligent and honest manner in which it has discharged its duty. The announcement this Monday HALL and NATHANIEL SANDS are among the individuals indicted is the crown of glory. Every effort has been made to shield Hall—Sands even—from the law's demands; mostly tongue the Ring have drawn a distinction between him and his associates. He was the "Admirable Crichton" of the combination; he was the innocent tool—he was anything but a guilty partner. These pleas, however, have not availed, and he stands arraigned with the rest. The indictments are in due form of law, and contain no superfluous allegations. The charges against Hall and Sands are the same as those against the rest of the conspirators, and the evidence will be precisely the same. We look for the conviction of Hall and Sands with as much confidence as we look for the conviction of Tweed, Connolly, Sweeny, Ingersoll, Woodward, Garvey, Watson, Williams, Copeland, Shandley, Cook, Miller, Fullgraff, Fox, Ingham, Conroy, Mayor Hall, Sands, Peter B. Sweeny, Richard B. Connolly, Peter Sharkey, Thomas Fields, Thomas Ward, Thomas Hall, Thomas Murphy, Thomas Kelly, Thomas Cornell, Thomas Creamer, Thomas Costigan, Thomas Coman, Thomas Fitzpatrick, Thomas Farrell, Thomas Hamilton, Thomas Hall, Thomas Hall, Thomas Hall

CAYUGA LAKE RAILROAD,
State of New-York,
7 PER CENT.
FIRST MORTGAGE
GOLD BONDS,
STRICTLY TRANS TO RUN, AND ISSUED FOR $30,000 PER MILE.

The road forms the shortest and most direct route from the great anthracite and semi-bituminous coal fields of Pennsylvania into the central part of this State, and will run in connection with the New-York Central Road, which it crosses at Cayuga Bridge Traversing, as it does, the finest and most populous agricultural district, generally known as the "GARDEN OF THE STATE," its local traffic will be large, but its greatest source of revenue will be from its coal business. The road is being rapidly built, and will be in active operation during this year. From our knowledge of this enterprise, and after the most thorough investigation, we most confidently recommend the Bonds as a safe investment. We offer for the present, the Bonds at 90 and accrued interest in currency.

$920,000
OF THE
First Mortgage Seven Per Cent. Bonds
OF THE
Cincinnati and Muskingum Valley Railroad Company.

Bonds of this issue will mature January and July, principal and interest payable in New-York. The Railway Contract Railroad Company own the majority of the capital stock of $2,000,000 of this Company, and the completion to Cincinnati, Ohio, has secured a direct connection for the valuable local traffic of the western part of the State with the system of roads controlled by the Pennsylvania Railroad Company, and in addition thereto, makes a line to Cincinnati an favorable to shippers as any existing line.

We confidently recommend these Bonds as a good investment, being issued at the rate of only $10,000 per mile, are a completed road, or only about one-third of its cost.

E. W. CLARK & CO., PHILADELPHIA.
CLARK, DODGE & CO., NEW-YORK.

In view of the small amount per mile of the first mortgage upon the Cincinnati and Muskingum Valley Railroad, and the fact that the present business of the line, without Eastern connection, has been more than sufficient to meet the interest upon its indebtedness, I regard the bonds of this Company as a perfectly safe security. MYSTERIOUS MURDER.

A Singular Chain of Circumstantial Evidence.

A Hardware Dealer Killed in a Stable at Cornhill, N. J.,—His Fellow-Servant Traced to This City and Arrested — Presumptive Proof of His Guilt.

An arrest for murder was made in this city yesterday, at No. 343 Thompson-street, by Capts. McDERMOTT and Detective DUNN, of the Sixth Precinct, and MARSHAL HILL of Bergen County, New-Jersey, which reflects great credit upon all concerned in the capture, although it is to premise that an innocent man has been dragged into the unyielding meshes of New-Jersey law, as the evidence against the prisoner is entirely circumstantial.

The crime for which the arrest was made was committed on Tuesday morning at Cornhill, Bergen County, N. J., which is eighteen miles from this City. The immediate scene of the tragedy was a stable attached to the premises of Mr. ELIZAH F. CLARK, a merchant doing business at No. 320 Broadway, and the victim was JASON ENS, who had been in his employ as a coachman and who lived in the house of Mr. CLARK, where his wife was employed as cook. Mr. CLARK also had in his employ one CHARLES AVERY as a gardener from June last until last Tuesday, when he suddenly left, without giving any warning, or stating where he was going. While he was there, it was part of his duty to milk the cows, and, after his disappearance, this duty devolved upon ENS. Tuesday morning, the latter went out at an early hour to the stable to do the milking, and, having been gone an unreasonable time, Mrs. ENS sent a woman out to see what had become of him. This woman returned in a moment in a great state of alarm, saying that ENS was lying in the stable covered with blood, and added that he had been kicked in the head by the horse. Mr. CLARK, being informed, went immediately out to the stable where he found ENS lying on the floor with his head resting on the sill on a low window, which was only a few inches above the floor. He had a deep gash across his forehead which had bled profusely, as there was a large pool of blood underneath. Mr. CLARK, assisted by some others, however, was unable to give any intelligible answer, and assistance being procured the wounded man was carried into the house and a physician summoned, but before his arrival ENS was dead.

An examination of the wound showed conclusively that it could not have been inflicted by the hoof of a horse, and a more careful search of the stable being made near the spot where the bleeding man had been found, a round, tapering piece of iron, about thirty inches long, known as a picket-iron, was discovered. This iron being examined, it was decided that it had been used to inflict the wound, and it therefore became evident that murder had been done. Marshal HILL, of the Englewood Protective Society, a shrewd officer, who was formerly detective of the Ninth Precinct of this City, was then sent for. After viewing the scene of the tragedy, HILL proceeded to question his servants, and was soon in possession of the fact that ENS and AVERY had frequently quarreled; but something more important was the discovery that the murdered man had also been robbed of his watch—a large, old-fashioned, silver time-piece—which had been wrenched from the chain, which had been left in the vest pocket of the dead man. These circumstances, being coupled with the sudden disappearance of AVERY on the previous Thursday, led HILL to suspect him of the crime, although he had not been seen on the premises since that time.

A search for AVERY was therefore made, and HILL, without much difficulty, tracked him to the house No. 343 Thompson-street, in this City, where he had been living since Thursday with his mother, now married to a Mr. LIVINGSTON, who is employed in the store of Mr. CLARK, in this City. Having succeeded thus far in his object, HILL reported to Capt. MCDERMOTT, and both officers deemed it best to act with all the power. With Detective DUNN and other officers of the Eighth Precinct, HILL kept a watch all night upon the house waiting for AVERY to make his appearance, the officers not deeming it prudent to enter the house and arrest him, as they were not provided with a warrant, and had no distinct evidence upon him. Finally, about 9 o'clock yesterday morning, AVERY appeared in the street, and was immediately seized. He made no resistance and manifested no surprise, but while being taken to the Eighth Precinct Station-house furtively dropped a small piece of paper from his hand. An officer saw the movement, however, and picked up this scrap, which proved to be a ticket for a silver watch, pawned with LEVY, No. 78 Grand-street. The prisoner being searched at the Station-house a few pieces of no value or interest were found upon him, but there was also found on his silver waistcoat a watch, by which the time of the murder of the hapless ENS had been recently broken by a heavy fall. A visit being made to LEVY, and the watch secured, it was found to be precisely similar to that worn by the deceased, but it could not be positively identified except by the witnesses at the Cornhill murder, and by Capt. MCDERMOTT, who will leave for that place with the watch and LEVY, required if he was competent to answer the question, and being told that he was not, then said that he would decline to answer until the proper time should arrive. Being informed of the crime charged against him, he denied his guilt, and throughout the proceedings in this City maintained the most complete self-possession.

In addition to the facts stated relative were secured by the officers, which are considered by those strong circumstantial evidence against the prisoner. It is said that it will be proved that AVERY left the premises of Mr. CLARK on Monday morning, and did not return until about 9 o'clock Tuesday morning. His absence during an entire night being an unusual circumstance, and one which he had never before had occasion to notice, he was questioned as to where he had been, and answered that he had stayed all night with a friend, and had stated that he had met at his house in Franklin-street. His manner was thought somewhat strange and unusual, but it was supposed to be from something else, and no further notice was taken of it. Subsequent discoveries, however, gave some weight to his manner.

When all these evidences had been presented against him, some of which, however, was communicated to him, the prisoner was asked if he would return to New-Jersey without a requisition. As soon as this was obtained, Marshal HILL took him back to Englewood yesterday afternoon.

The prisoner is a young man about thirty years of age, is unmarried, and is tidy in his dress and of unpretending appearance. His features cannot be, however, plainly seen upon a close examination of his features, and it is said that he has been on occasions before the present, one of ferocious look, and was once arrested at the Jefferson Market Police Court on a charge of aggravated assault in general; however, he has been of good character, and has always supported himself by regularly employment. His relatives are said to be respectable people, who are deeply grieved by the condition in which he is placed. The witness in the case, MINNIE WAN, an intelligent, industrious miss, who was greatly esteemed by Mr. CLARK, in whose employ he had been for some time. There is no additional and most important fact in the circumstances above stated. HILL, upon making inquiries at the railroad station at Cornhill, learned that on the same manner that AVERY had left the place on the early train on Tuesday morning for New-York.

Mr. John Cochrane's Mouth Watered by Mangoes.

Between 8 and 9 o'clock on Tuesday evening a servant girl, CATHARINE CURRY, in the employ of Mr. JOHN GRAHAM, at No. 11 East Forty-seventh-street, attended surgeries in the act of consuming the tempting fruit. The mangoes had not been purloined by a man named HITCHCOCK, who had left the party in which Mr. JOHNSON and COCHRANE, of the Nineteenth Precinct, had succeeded in arresting them. They were yesterday arraigned before Justice BIXBY, at the Tombs Police Court, and gave their names as CHARLES WOODS, JAS. DUFFY and JOHN HUGHES. WOODS is eighteen years of age, and resides at No. 244 West Forty-third-street; DUFFY is aged eighteen, and lives at No. 46 West Twenty-ninth-street; WILSON is seventeen, and says his address is No. 148 West Twenty-ninth-street. Justice BIXBY committed the three for trial without bail.

Suspected Watcher—A Case for the Grand Jury.

UDO E. MARXON, who was charged with attempting to transport a large number of watches, concealed in a double-bottomed trunk, with intent to avoid payment of duty thereon, was brought before Commissioner BETTS, yesterday, for examination. For the defense, it was argued that the watches were placed in the trunk without the knowledge of the accused, by his brother CHARLES, the principal owner of them; that they were intended for consignment to New-Orleans, and not for sale in this City; and that the concealment was done simply as a matter of convenience. The Commissioner, finding nothing in the defense to offset the evidence against the accused, held him in $1,000 to answer the case to the Grand Jury, requiring the same amount of bail as before.

The case of CHARLES MARXON, charged with a like offense, was called, but adjourned till Saturday.

THE SUSPENDED BANKS.

The Government Bonds—A Secret Meeting of Depositors—Mr. Worth's Report—The Examination Postponed.

A meeting of depositors of the STUYVESANT BANK was held yesterday, in the chambers of Mr. EDWARDS, Register in Bankruptcy, No. 1 Nassau-street. The object of this meeting was to give such depositors an opportunity of proving their claims, and electing a trustee in bankruptcy, and a Depositors' Committee to look after the interests of the creditors. Some sixty or seventy depositors proved their claims.

Mr. TRACY, who acted as counsel for Mr. JOHN MACK, who filed the petition in bankruptcy, then moved that this meeting be adjourned. This action seemed to meet with the disapprobation of a majority present, and Mr. DAVID DUDLEY FIELD, Jr., opposed the motion on behalf of the depositors. Mr. TRACY, however, insisted that the object of the adjournment was to give the depositors time to do what ought to have been done to any suffering person to whom he could so easily have offered assistance, and we recommend the proper authorities to increase the Police force, as are the present number inadequate to the proper protection of the lives and property of our citizens.

Mr. FIELD then addressed the meeting, and moved a series of resolutions declaring any combination between the officers employed under the laws of the State of New-York and as assignee to be checked or appointed under the laws of the United States, and stating that the depositors were satisfied with the conduct of Mr. OLIVER P. ARCHER, as receiver, and that they had confidence that he should be retained.

Mr. TRACY strongly objected to these resolutions as being disrespectful to the Court, and singularly irregular. A very long discussion followed between the two counsels, which was frequently interrupted by the depositors, many of whom expressed the opinion that the lawyers had too much to say about the matter altogether.

Mr. FIELD urged that the sense of the meeting be taken upon the resolutions.

Mr. DWIGHT said that such action was not advisable, and decided that the resolutions might be left in his office, and all depositors who had proved their claims, were at liberty to indorse them if they were so inclined.

A large number then signed the resolutions in addition to the regular legal form prepared, praying the Court to grant a trustee.

A petition was presented to the meeting to the effect that the depositors be allowed to proceed with the examination of the bankrupt, and that its cancellation be refused to the bankrupt, that its cancellation is traceable to similar causes, as those which have occasioned the collapse of the Market Bank. It was stated that Mr. VAN ORDEN, the late cashier, who received for his services but a moderate salary, has—under cover of other people's names—built a number of houses at Hoboken, the ground for which is put down at, at least, $150,000. A letter addressed to the depositors from Mr. JOHN MACK was received yesterday, and was read to the meeting. It contains some important statements, but was given in yesterday's TIMES at length.

Market Savings Bank—The Officials to be Criminally Prosecuted.

The depositors of the Market Savings Bank still flock round the building Mr. WORTH, the receiver, had a number of callers yesterday. He stated, in answer to anxious inquiries, that the call loans were coming in very slowly. Nothing had yet been heard from HEISER & Co., nor from Messrs. BRIGHT and PATTERSON, though it is intended to press the claims of the bank against these gentlemen. Mr. WORTH expressed the opinion that it might be possible for him to pay a dividend within thirty days. A number of the depositors represented by counsel, endeavored, yesterday, to criminally prosecute the President and the trustees of this bank. Application was made to the District-Attorney to urge the Grand Jury to bring an indictment against all the officials, and it was determined that should this application fail, and the Grand Jury not find the necessary indictments, an ordinary criminal prosecution will be commenced.

POLICE PROCEEDINGS.

An Unfit Appointment Made—New Rules for the Police Surgeons.

The Board of Police yesterday appointed MICHAEL J. MURPHY a full Captain of Police, and assigned him to the Seventh Precinct, where he had been in command for some time as Acting Captain. The readers of the TIMES have already been told how this man MURPHY, who is notoriously unfit to occupy even the lowest grades in the Police Department, was placed in the position of Acting Captain by direction of TWEED, and how he managed the Seventh Precinct in the interest of his patron even after the villainies of the Ring had been fully exposed. As he was not made full Captain at the expiration of the usual sixty days' probation, it was believed that even the present Police Commissioners would not promote him to the rank of a Captain, a fact known to HANK SMITH himself lately declared to be good for nothing, and who has been arraigned as a disorderly character in the same Station-house where he is now in command, and whose associations have been such that he is asserted to be related in some way to Paddy LONG, a notorious ex-convict. The elevation of this man to a full Captaincy at this time may be considered as a proof that the influence of TWEED is still omnipotent in the Police Department. Having thus made this extraordinary appointment, the Board passed resolutions requiring the Police Surgeons to attend at the Police Court in person, or send a substitute to prescribe for prisoners. They also resolved to graduitously vaccinate any patrolman who may apply, and also that the Surgeons report what operations are necessary to prevent the sudden deaths of intoxicated persons in the cells of the Station-houses, which have lately been so frequent.

END OF THE PANORMO CASE.

Verdict of the Coroner's Jury on the Body of the Murdered Man.

The inquest on the body of JOHN B. PANORMO was resumed before Coroner JOHNS, in Brooklyn, yesterday. Capt. JAMES POWERS, of the Fourth Precinct, where the murder occurred, and PAUL NAVARRO, were examined; and at the conclusion of the evidence the Coroner reviewed the case. He referred to the indisposition of MARVIN to aid the deceased when his attention was called to him, and the druggist mentioned the fact that the Police force, from the evidence adduced, was not sufficient for the proper protection of the inhabitants. The jury, after twenty minutes' deliberation, returned the following verdict:

JOHN B. PANORMO came to his death by compression of the brain, by injuries inflicted by some person or persons unknown to this jury, and we further blame Mr. MARVIN, the apothecary, for not showing any willingness to do what ought to have been done to any suffering person to whom he could so easily have offered assistance, and we recommend the proper authorities to increase the Police force, as are the present number inadequate to the proper protection of the lives and property of our citizens.

They claim that they are so interfered with by the Police that they cannot transact any business. Mayor HALL said he would see the Superintendent of the Police—and see if he could not facilitate the matter.
